

**INNERCITYTENNIS**

**2019  
Annual  
Report**

## OUR MISSION

We develop and unleash the potential of youth on and off the tennis court by engaging and serving a supportive community.

## OUR VISION

To be the leader in youth development through tennis.

## ORGANIZATIONAL VALUES

Inclusion, Respect, Mission-Driven, Ownership  
Results-Driven with Continuous Improvement, Enthusiasm

## PROGRAM VALUES

Enthusiasm, Integrity, Perseverance, Respect,  
Responsibility, Service, Teamwork

## KIDS WE SERVE

We reach over 6,000 young people each year, ages 3 to 18, including at-risk kids, children of color, children from low-income families, and children diagnosed on the autism spectrum. ICT attracts diverse families from all over the city. Our free-of-charge programs and scholarships for our fee-based programs ensure that InnerCity Tennis programming is available to all children, regardless of their financial circumstances.

InnerCity Tennis is proud to be a 4-star chapter of the USTA Foundation's NJTL network, which includes more than 250 nonprofit youth development organizations that offer free or low-cost tennis and education programming each year.

## A MESSAGE FROM

## OUR BOARD CHAIR

Dear Friends,

InnerCity Tennis Foundation (ICT) was founded nearly seventy years ago with the goal of serving Minneapolis youth using tennis to tap into the potential within each child. In 2019 our Board of Directors completed a comprehensive strategic planning process to reaffirm that commitment and establish our vision to be the leader in youth development through tennis.

We remain steadfast in our mission to develop and unleash the potential of youth on and off the tennis court by engaging and serving a supportive community. As a 4-star chapter of the USTA Foundation's National Junior Tennis and Learning (NJTL) network, ICT is committed to increasing access to tennis and high quality programming among a diverse population of youth. Our programs are designed to help youth succeed on the tennis court, in school and in life.

The 2020 Physical Activity Council's report shows that 17% of 6-12 year olds and 18% of 13-17 year olds are physically inactive. What is particularly troubling is that inactivity rates are strongly related to household income level, as you'll see on the next page of this report.

At InnerCity Tennis we remove barriers to participating in physical activity by providing no-charge outreach programs and scholarships for our fee-based programs. Our year round programming includes a pathway from introductory lessons to tournament level competition and is accessible at multiple locations including 21 Minneapolis parks, our tennis center and through our schools and outreach partners.

As an NJTL chapter, we strive to support student success in the classroom. This work is especially important in trying to help address the achievement gap here in Minnesota. InnerCity Tennis provides 30+ weeks of educational programming throughout the year. Our off-court curriculum includes reading, math, nutrition, life and leadership skills, career preparation and a focus on ICT's seven core program values.

Perhaps as importantly as what we do, is how we do it. As a youth development organization, we are committed to providing our young participants with a supportive environment that helps them feel connected to their peers and caring coach-mentors. We teach and model our core values in all of our programs.

### I am pleased to share some of the highlights of our work in 2019:

- More than 6,000 kids served at 12 school and partner locations, in 21 parks, and at our tennis center in South Minneapolis
- Expanded partnerships and presence in North Minneapolis, where there is a great need for the healthy, life-changing programs we offer
- New opportunities for dedicated players to participate in competitive play through our Excellence Team program and the variety of USTA tournaments and Play Days we offer

On behalf of our Board of Directors, I would like to thank you, the tennis players, donors, partners, volunteers and staff, who make this important work possible. Your support and passion for kids enable us to pursue our mission and make a meaningful difference in the lives of so many young people.

Sincerely,

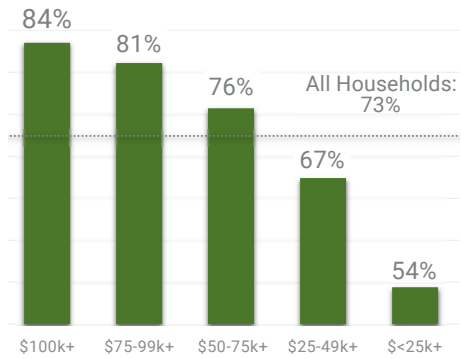

Will Prest  
Board Chair

the challenge

INACTIVITY & OBESITY

The rate of physical activity continues to decline in the U.S. Lower income households are far less likely to be active.

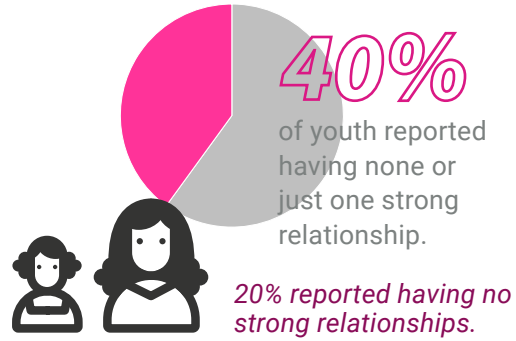

2019 ACTIVITY RATE, AGES 6+ BY HOUSEHOLD INCOME LEVEL

Source: 2020 Physical Activity Council Participation Report

NEED FOR CARING ADULTS AND MENTORS

Too few young people experience a strong web of relationships in their lives.

YOUNG PEOPLE WHO EXPERIENCE STRONG DEVELOPMENTAL RELATIONSHIPS ARE MORE LIKELY TO:

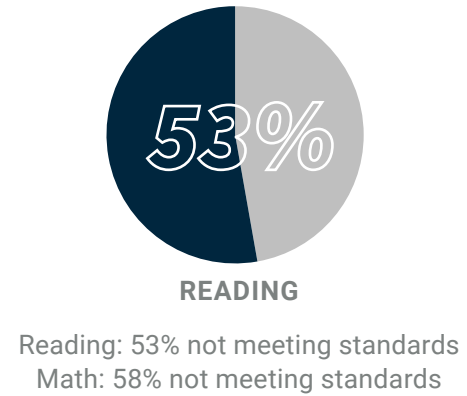

- Care about how they do in school
- Put more effort into school
- Take responsibility for their own actions
- Do their best, even on tasks they don't like

our approach

ICT instills a love of physical activity and teaches students about nutrition to build **A FOUNDATION FOR HEALTH AND WELLNESS.**

ICT removes barriers to participation by providing youth **NO-CHARGE OUTREACH PROGRAMS AND SCHOLARSHIPS** for our fee-based programs.

ICT instills character and confidence by helping kids ages 3 to 18 make **STRONG CONNECTIONS TO CARING ADULTS AND A SUPPORTIVE COMMUNITY.**

ICT supports students' education with **CUSTOMIZED LESSON PLANS DEVELOPED IN COLLABORATION WITH OUR SCHOOL AND COMMUNITY PARTNERS.** There is a need for educational support and enhancement to address achievement gaps.

Many of my students do not have adequate knowledge, understanding, or opportunities relating to good nutrition, exercise, how to take good care of their bodies as well as their mental/emotional health. Like me, ICT's goal is to start young children on a positive path toward healthier living. The ICT coaches know how to relate to the students (and their parents) and they all really look up to the ICT coaches. ICT has built a lot of trust in our community. – Anita Chavez, Physical Education Teacher, Bryn Mawr Elementary School

# our programs

**CITIES ACADEMY**

997 Participants / \$125,983 Scholarships awarded

Cities Academy is ICT's year-round, out-of-school time tennis program for developing and competitive youth players. It is fee-based, with scholarships available to all in need. Many Academy kids, including all those receiving scholarships, serve as volunteers in ICT's free-of-charge programs.

## SCHOOLS & PARTNERS

ICT's Schools & Partners brings our tennis and life skills programming to 12 Minneapolis schools and partner sites, with one of them tailored for children with autism. This free-of-charge program uses ICT's nationally recognized Kidspeed® curriculum covering tennis, nutrition and life skills. Our expert program staff also deliver the United States Tennis Association's ACE curriculum, which has been adapted by ICT's Education Programs Manager to meet the needs of our participants.

## SIGNATURE CURRICULUMS

**Kidspeed®**

Kidspeed® is a dynamic, fast-paced program developed in partnership with the Search Institute. The curriculum is designed to begin teaching children key life skills such as teamwork, perseverance and respect, through the fun of physical activity and tennis.

**ACE** was developed by the United States Tennis Association (USTA) and is an out-of-school-time academic curriculum connected to 21st century skills, Common Core State and National Standards, and the sport of tennis.

## EXCELLENCE TEAM

The Excellence Team is a tennis training and service program for young, top-ranked tennis players, who are given opportunities to compete in national and international tournaments. ICT is one of only 14 programs in the United States with an Excellence Team, which is supported by the USTA Foundation and generous ICT donors.

## SUMMER TENNIS IN THE PARKS

873 Participants / \$50,063 Scholarships awarded

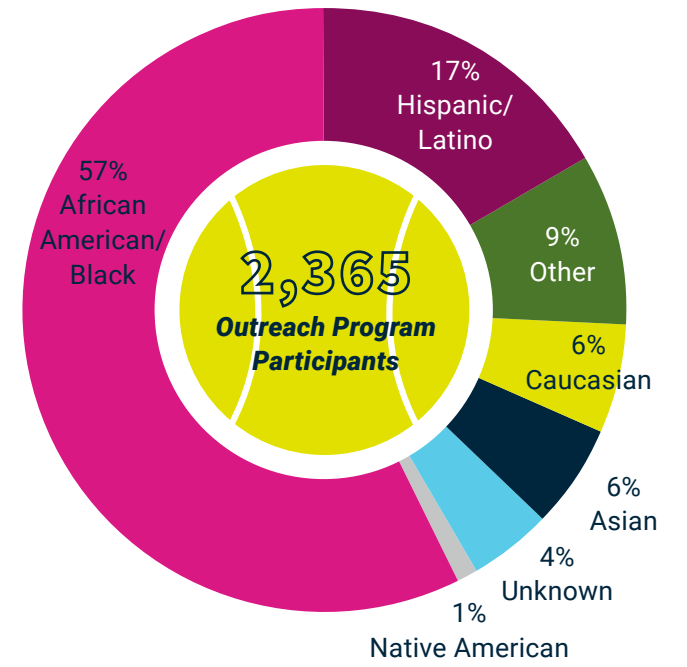

Summer Tennis in the Parks is a 7 week summer program for youth held at 21 Minneapolis parks. It is one way we bring tennis directly into neighborhoods across the city, right where kids live. The program includes tennis and life skills development. Kids learn about healthy nutrition and developing character through daily challenges. Through scholarships, this fee-based program is made accessible to all who are in need of assistance.

## LEADERSHIP ACADEMY

Leadership Academy is a service and leadership program for middle and high school students. It includes leadership training and community service during the school year. All students gain coaching experience, volunteer for Outreach programs, and participate in service projects.

## SUPER SATURDAYS

Each Super Saturday session is a fast-paced afternoon of fun and tennis skills development for kids ages 3 - 18. It is offered 24 times a year, free-of-charge to about 250 kids per session, with about 65 volunteers from our tennis community helping to deliver the program each week.

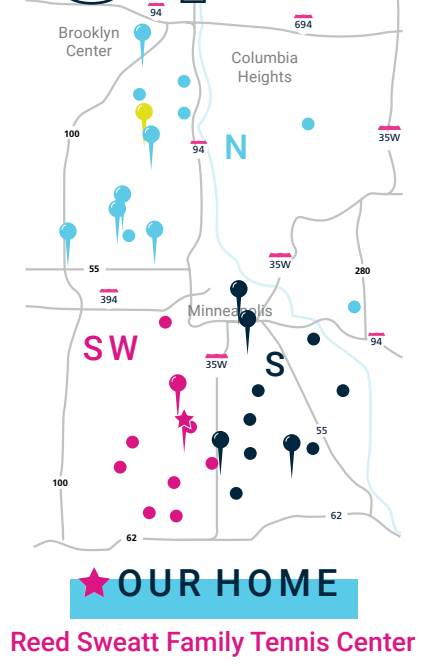

When choosing our Outreach partners, we specifically seek out schools with diverse student populations, so we can help to address the achievement gap.

## SUMMER PARKS

## program spotlight

### NORTHSIDE LEGACY PROGRAM

In ICT's Northside Legacy Program, our dedicated and passionate coaches deliver tennis and education lessons to students in the North Minneapolis area that do not have easy access to play tennis year round. InnerCity Tennis has a goal to be the leader in youth development through the game of tennis.

We have partnered with InnerCity Tennis over the past year as they serve kids out of our facility in North Minneapolis providing high-quality tennis and tutoring instruction to them. They do an excellent job connecting with the kids and their parents 5 days a week.

— Melvin Anderson, Founder & Executive Director of Youth & Families Determined to Succeed

## THANKS TO OUR ADULT COMMUNITY FOR PLAYING WITH PURPOSE

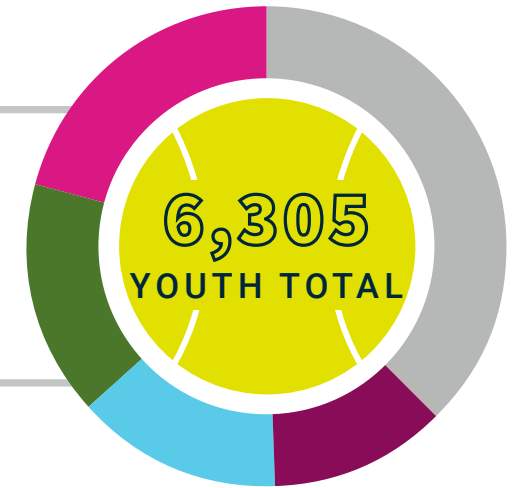

When you play at ICT, you *play with purpose*, because you support our mission and our ability to share the joy and life lessons of tennis with thousand of kids each year. We simply couldn't do our work without our dedicated adult tennis community and the many volunteers who share our passion for helping young people realize their potential. Thank you all!

## A SOCIAL ENTERPRISE FOR KIDS

InnerCity Tennis is a non-profit, mission-focused, tax-exempt (501c3) organization that delivers both financial and social returns to further its mission. Our tennis center, together with the contributions of our generous donors, provide the critical financial support needed to deliver ICT's life-changing programs for youth.
